COMPANY OVERVIEW:

- Doug Phillips founded Metolius Climbing in 1983 near the headwaters of the Metolius River, where he manufactured innovative climbing equipment and sold it to the local climbing community at Smith Rocks Oregon.
- It started with the Slider Nut, and was quickly followed by the first flexible-stem camming unit, the TCU. These two pieces of gear blew the lid off the technological barriers of the time.
- Metolius has since built a solid reputation as a leading designer and manufacturer of performance rock climbing equipment that is *Safer by Design*.
- Metolius has always focused on new and innovative rock climbing gear while ensuring the highest quality available. They've built a strong reputation as an innovator in the design of cutting-edge rock climbing gear.
- Metolius is proud to be able to claim innovations in just about every category of rock climbing gear.
- All Metolius Cams are manufactured and tested to half their rated strength in Bend, Oregon. Additionally they are sent to the CE / UIAA test houses for certification.

Metolius First to Market with Full Strength Rated Ultimate Daisy Chain

BEND, ORE. (Aug. 4, 2011) – [Metolius Climbing](#), a brand synonymous with quality and innovation in rock climbing gear and hardware, reaffirms its commitment to manufacture gear that is *Safer by Design*[™] with its new line of full strength daisy chains and personal anchor systems.

New and improved for 2011, the Ultimate Daisy Chain alleviates the risks associated with the misuse of traditional daisy chains by employing full strength rated (22kN) loops throughout the system. Unlike its predecessors (with individual pockets meant for body weight applications only - approximately 2-3kN in strength), the Ultimate Daisy Chain was designed to eliminate low strength components that could lead to a potential shock-loading situation. It also eliminates a dangerous misuse of clipping into just the pocket (s) only (a very easy mistake for inexperienced climbers) for a complete daisy failure.

The Ultimate Daisy Chain can also be used as a full strength runner, anchor sling or equalized anchor sling. Its improved safety, versatility and efficiency make for a welcome companion on everything from multi-pitch routes to cleaning the anchors on sport climbs.

Features at a glance:

- Each loop is full strength rated at 22kN
- Constructed of 11mm nylon / dyneema blend
- Straight stitched and bar tacked for strength and durability
- CE/UIAA certified
- Chain coil construction joins individual full strength components into one unit
- 19mm Rabbit Runner webbing is used for the girth hitch end loop
- End loop is color contrasted for easy id

MSRP \$49.95

About Metolius Climbing

Founded in 1983 near the headwaters of the Metolius River, Metolius equipment was born out of respect for rock climbing. Metolius has since built a solid reputation as a leading designer and manufacturer of performance rock climbing equipment that is *Safer by Design*. Metolius has always focused on new and innovative rock climbing gear while ensuring the highest quality available. They've built a strong reputation as an innovator in the design of cutting-edge rock climbing gear. Metolius is proud to be able to claim innovations in just about every category of rock climbing gear from traditional, sport, bouldering and big wall/technical alpine. Metolius also works to educate others to preserve the environment and the climbing lifestyle. For more information, visit www.metoliusclimbing.com.

Spring 2012 New Product Offerings

Metolius Climbing Safe Tech™ Trad Harness

Fully featured with new tie-in point configuration, innovative locking speed buckle and full strength components throughout the system to create the most advanced, safest and comfortable harness on the market. Dual belay loops, patented adjustable-rise system and bomber fabrics while keeping weight and bulk to a minimum.

Features at a glance:

- New locking speed buckle
- Light, sporty and Safer by Design™
- Narrow components for unmatched comfort and freedom of movement
- Patented, adjustable-rise 3-D system to keep you upright and in-balance during a fall
- Four gear loops, dual belay loop tie-in configuration and rear haul loop
- Innovative slot system keeps pad end in place
- 16.5 oz. (467 g) size medium harness
- Sizes: S, m, l
- CE/UIAA certified

MSRP \$99

Metolius Climbing Safe Tech™ Comp Harness

Geared for hard sport climbs and indoor climbing with each component designed for maximum strength without excessive bulk or weight. By engineering safety into each and every harness, the goal is to eliminate basic mistakes which can result in injury or death.

Features at a glance:

- New locking speed buckle and innovative slot system to keep pad end in place
- Light, sporty and Safer by Design™
- Narrow components for unmatched comfort and freedom of movement
- Two gear loops
- Innovative slot system keeps pad end in place
- 13 oz. (368 g) size medium harness
- Sizes: S, m, l
- CE/UIAA certified

MSRP \$89

Crux Helmet

Although rockfall is a significant issue, 80-percent of head injuries in rock climbing are sustained by falling. The new Crux helmet provides dual protection from rock fall as well as impacts sustained during a fall on lead or seconding.

Features at a glance:

- In mold construction with full coverage EPS
- Easy adjust dial retention system
- Exceptional ventilation with washable, Coolmax liner
- One size fits 21" - 23.5" (53.5 - 60 cm)
- Weight: 11.8 oz (334 g)
- CE/UIAA certified
- Color: orange

MSRP \$74.95

Bop Chalk Bags

New for Spring 2012, the Bop combines the classic Metolius cylinder-style shape with a convenient rear zippered pocket for your MP3 player.

Features at a glance:

- Textured fabrics with bright and colorful patterns
- Stash pocket for MP3 player
- Classic cylinder style with stiff, easy access rim
- Full length pile lining
- Brush holder and includes belt with side release buckle
- Assorted colors and styles

MSRP \$22.50

Fall 2011 Product Highlights

PAS™ 22

Innovative Personal Anchor System (PAS) provides a safe, convenient and fully adjustable attachment from the climber to any anchor. Redesigned to be the first on the market to exceed the UIAA 104/EN 566 Sling Standard for a safer, more convenient and adjustable option over Daisy chains, slings or quickdraws at the anchor.

Safer than systems that are designed for body weight applications only, this versatile piece can also be used for building and equalizing anchors.

Features at a glance:

- More versatile - can be used for building and equalizing anchors, etc.
- Same weight despite higher strength
- The following color options: black/green, orange/blue, blue/yellow'
- Blue/yellow also available with blue Bravo locker

MSRP \$29.95 or \$37.95 with Bravo Locker

The Anchor Chain

An easy, versatile way to build and equalize anchors with different lengths of end loops to accommodate a wide variety of anchor configurations.

Features at a glance:

- Passes the UIAA 104/EN 566 Sling Standard
- Color: Black body with green and yellow end-loops
- 4'/122 cm in length

MSRP \$49.95

The Ultimate Daisy Chain

The only Daisy to pass the UIAA 104/EN 566 Sling Standard, each loop is rated to 22 kN, eliminating the pocket failure problem of traditional daisy chains. A more versatile option that can also be used for building and equalizing anchors. Color options: orange black and blue/green.

MSRP \$49.95

Feather Ultralight Nut Tool

The lightest nut tool on the market weighing in at only 21 g and 53-percent lighter than the titanium category average. Unique one piece forged design for the perfect blend of strength and weight.

Features at a glance:

- Ultimate ultralight nut tool
- Built in wire-gate carabiner
- Unique curved design to get behind nut and hook or pull
- Hooked nose designed for cam trigger bars
- Tapered features enable easy access to the smallest placements
- 7075-T6 aluminum
- Weight: 21 g (0.74 oz.)

MSRP \$14.95

Recon Crash Pad

The Recon Crash Pad incorporates a folding design for the boulderer looking for maximum coverage with a new shape that provides 5.5 sq. ft./0.51 sq. m. more landing area than standard-sized pads but is almost 4"/100 mm narrower when folded for a cleaner carry and easier storage.

Three-panel system with angled hinges keeps volume down for transport and storage. The Recon is made from tough 900d body fabric with Ballistics on bottom for maximum durability and cross-clipper logo rug for cleaning shoes. Also makes a great crag bed for vans and pickup trucks.

Features at a glance:

- 900d body fabric with Ballistics and cross clipper logo rug for cleaning shoes
- 3.5' x 5' (1.06 m x 1.5 m) tri-fold design and increased 4" (100 mm) foam
- New sandwich foam design for maximum impact absorption and durability
- 1" (25 mm) closed-cell top layer, 2.5" (60 mm) open-cell center, 0.5" (15 mm) closed-cell base layer
- Small external stash pocket and larger inner pocket for shoes, chalk bag, etc.
- Closure flap reverses to cover shoulder straps while bouldering and guaranteed aluminum buckles
- Open size: 42" x 60" x 4" (106.6 cm x 152.4 cm x 10 cm)
- Folded size: 42" x 22" x 13" (106.6 cm x 55.8 cm x 33 cm)
- Weight: 14 lbs. 51 oz (6.49 kg)
- Color: black/grey

MSRP \$249

11 MM Monster Slings

Lightweight slings perfect for alpine routes made from a blend of 40-percent Dyneema and 60-percent nylon. Fully CE/UIAA certified with strength rating of 22 kN.

Available in the following lengths:

- 10"/25 cm weighs 0.5 oz. (25 cm)

MSRP \$5.95

- 22"/60 cm weighs 1 oz. (30 g)

MSRP \$7.95

- 46"/120 cm weighs 2 oz. (58 g)

MSRP \$12.95

18 MM Nylon Slings

Durable slings, great for everyday cragging and anchor building. Aggressively priced and CE/UIAA certified. Strength: 22 kN.

Available in the following lengths:

- 10"/25 cm weighs 0.7 oz. (21 g)

MSRP \$3.95

- 22"/60 cm weighs 1.5 oz. (43 g)

MSRP \$4.95

- 46"/120 cm weighs 3 oz. (86 g)

MSRP \$8.49

Lisi Dog Collar

Collar with a zippered compartment that contains a hidden leash and scoop-bag pocket for responsible dog owners and their pooches at the crag.

Features at a glance:

- Leash is 5'/1.5 m long
- Available in two sizes: S/M and M/L
- Colors: Asst, Red, Purple and Black

MSRP \$22.50

The Backboard

Finished Plywood mounting board that fits all Metolius training boards and many others. Comes complete with mounting hardware and instructions. Dimensions: 32" x 9.5" x 0.75" (81.3 x 24.1 x 1.9 cm)

MSRP \$19.95
